

Three Lane Ends Academy

School Visits

At Three Lane Ends Academy we believe educational visits are a very important aspect of the curriculum. Appropriate visits are planned into each termly topic throughout school so that over their time here the pupils have opportunities to participate in a wide range of first hand experiences and encounter several different environments. Local visits are planned into several areas of the curriculum including Religious Education, Geography and History.

During their time in Key Stage 2 pupils are given the opportunity to take part in two residential visits. Year 4 visit Kingswood for 4 nights and Year 5/6 participate in outdoor and adventurous activities at Low Mill in Askrigg for 5 days.

Parents are usually asked for voluntary contributions towards the costs of visits. Please note that if enough contributions are not received visits may be cancelled as expenses must be covered.
