INVESTORS IN PEOPLE

2nd October 2017

Dear Parent/Guardian

Building Grant – Information for Parents

Following a successful Condition Improvement Funding bid school have been successful in securing monies for an electrical rewire to the school and new fire alarm system. This is a fabulous opportunity for school to make improvements to the fabric of the school and improve the environment for the children. We are going to use the opportunity to also make improvements to others areas of school whilst building works are ongoing. We will continue this work in future works as we will not have the funding to cover all the works needed.

Part of these improvements in this phase is to improve the ICT infrastructure of the school and we are looking to install new smart screen technology in all classrooms in the school as well as improving internet access. New gym equipment will be installed in the hall which is age appropriate to all children within the school. The works are due to commence late December. We would like to ask you for support whilst the building works are completed within school as there may be some disruption. All works will be supervised and children will be safeguarded at all times.

Our new Director of Primary Education Jayne Clarke is providing Executive Support alongside staff in school to meet the needs of the children and plan the works, the Primary Director is providing leaders and staff with all necessary direction and support to ensure the best outcomes are secured for all children and that the school moves rapidly towards a good judgement. We will keep disruption to a minimum and work has been programmed around teaching and learning. When works commence a temporary reception area will be situated at the side entrance of the school to ensure the safety of parents and children.

We will ensure that parents and carers receive regular updates on the work and improvements within the school building. During this time if you feel you need any further information please contact myself within the school office.

Yours sincerely

Mandy Mattison
School Business Manager
